PFP – Polytechnic Foundation Programme

PFP is a one-year programme that offers a practice-oriented curriculum taught by polytechnic lecturers to better prepare polytechnic-bound Secondary 4N(A) students for entry into a polytechnic diploma.

Starting from the AY2026 PFP intake, students will be admitted into a PFP cluster, and progress to one of the diplomas within the cluster after completing the one-year programme.

The exceptions are Diploma in Nursing, Diploma in Early Childhood Development & Education, and Diploma in Tamil Studies with Early Education, for which students can be admitted either via the diploma-specific PFP or the relevant PFP cluster.

DPP – Direct-Entry-Scheme to Polytechnic Programme

DPP students who successfully complete their Higher Nitec courses at ITE and attain the required qualifying Grade Point Average (GPA) scores are guaranteed a place in a polytechnic diploma course mapped to their Higher Nitec course.

NFP – NAFA Foundation Programme

The NFP is a one-year practice-based programme that prepares Secondary 4N(A) students to pursue a diploma in the creative arts. NFP students who successfully complete the programme will be offered a place in their chosen diploma course at NAFA.

PFP / DPP

(a) **Students who are only interested in applying for the PFP** should first progress to Sec 5N(A), even if they meet the PFP eligibility criteria based on their GCE N(A)-Level results in December 2025. They may then apply for the PFP upon release of the GCE O-Level results in January 2026. If their application is successful, they will withdraw from Sec 5N(A) by the end of January 2026. All PFP-bound students are required to attend Sec 5N(A) classes in their secondary schools up till the last Friday of January 2026, i.e. 30 January 2026.

(b) **Students who are only interested in applying for the DPP** should do so once they receive their GCE N(A)-Level results in December 2025. Should they accept a DPP offer, they will not be required to return to their secondary schools for Sec 5N(A).

PFP / DPP

(c) **Students who are interested in applying for both the PFP and DPP** are encouraged to consider carefully their interests and strengths, as well as the courses offered under both programmes.

One option for students who are interested in both the PFP and DPP is to first progress to Sec 5N(A) and then apply for both the PFP and DPP upon release of the GCE O-Level examination results in January 2026.

Students who are offered a place in both the PFP and DPP may only accept one course offer. Students who accept both offers will have both offers voided. If their application to either the PFP or DPP is successful, they will withdraw from Sec 5N(A) by the end of January 2026.

For students who have already **applied for and accepted their DPP offer prior to the release of the GCE O-Level examination results, their secondary school will contact them to collect the PFP eligibility form (Form P)** if they are eligible for PFP after the release of the **GCE O-Level results**.

For students who decide to apply for and accept their PFP offer in January, they will need to apply for withdrawal from the DPP course. Applicants can apply for a refund of his/her DPP enrolment fees, subject to ITE's approval.

Students with confirmed ITE EAE offers are expected to honour the offers. They are not allowed to apply for 3-year Higher Nitec courses at the Joint Intake Exercise (JIE). However, they can still apply for the Direct-Entry-Scheme to Polytechnic Programme (DPP) after the release of the GCE 'N' Level results, or Polytechnic Foundation Programme (PFP) after the release of the GCE 'O' Level results, if they meet the respective eligibility criteria.

ITE will be contacting students about the status of their ITE EAE offers via (i) mobile phones and (ii) electronic mail.

 **If you can check all 3 boxes above, you're eligible!**
(Note: Eligibility does not guarantee you a place in a PFP course)

If you had offered GCE O-Level examination subjects in 2024, you may refer to this table for the equivalent grade to compute your ELMAB3 aggregate:

GCE 'O' Level Grade	Converted Grade
A1-B3	1
B4-C6	2
D7	3
E8	4

3. How do I Apply?

- Upon release of the GCE O-Level results, all PFP-eligible students will receive Form P to inform them of their eligibility to apply for the PFP at this [link](#) using their Singpass.
- You may select up to five course choices.
- Remember to provide updated contact details in your application to allow the polytechnics to contact you if necessary.
(Note: You should continue to attend Sec 5 from 2 January 2026 while applying for PFP.)

4. How Will I be Informed of the Outcome?

- You should log in to the PFP portal to check your application outcomes on the day of PFP posting results release.
- You will then have to indicate if you wish to accept/reject/appeal the offer.
- If you do not select any option, your offer will become invalid and you will be required to continue with your classes in Sec 5/DPP.
(Note: If your appeal is successful, your original offer will be voided, regardless of whether you accept the new PFP offer.)

5. What Happens Next?

- If you accept your offer, you will receive an enrolment package from the polytechnic in February/March 2026.
- The PFP year will start in April 2026.

1. Release of N-Level Results

What are some of the things that I enjoy doing?
How would I describe my strengths and interests?

Align your strengths and interests with relevant eligible courses offered by various educational institutions.

For instance, if you have an interest in engineering, healthcare, or design, you might find suitable courses at institutions such as ITE.

3. During JIE Appeals

Can I appeal for transfer to another course?
What should I do if I am undecided over what courses to choose?

If you have received a course offer, consider accepting the offer. Following that, you can submit an appeal for an alternative course if you like to request for a change.

While all eligible appeals for transfer will be given due consideration, meeting the minimum entry requirements does not guarantee a place in the course as admission is also subject to available vacancies in open competition.

For additional advice, you can approach your school teachers, ECG counsellor or make an ECG counselling appointment via the ECG Centre @ MOE at (<https://go.gov.sg/moe-ecg-centre>).

2. Applying for courses through JIE 'N'

How will the programmes offered by education institutions further develop my strengths and interests?

Apply in the 1st JIE main phase in December. Fill in all your 12 JIE choices carefully based on your strengths, interests, and courses you are eligible for as indicated in Form N.

You can refer to CourseFinder (<https://www.moe.gov.sg/coursefinder>) for details on the various courses offered, including information on the subject-specific minimum entry requirements (MERs), and the net aggregate for specific courses based on previous year's JIE.

“Keep your options open and embrace the possibilities.”

4. After JIE Appeals

How do I know the outcome of my appeal?
What happens if my appeal is unsuccessful?

Check the final result of your appeal at <https://istudent.ite.edu.sg> using the given web ID and password. Review your appeal outcome and carefully consider the course you are posted to.

If your initial appeal is unsuccessful, you may submit another appeal online during the final appeal phase. Please refer to the ITE website for details on the dates. To explore possible options, please make an appointment with your ECG Counsellor.
